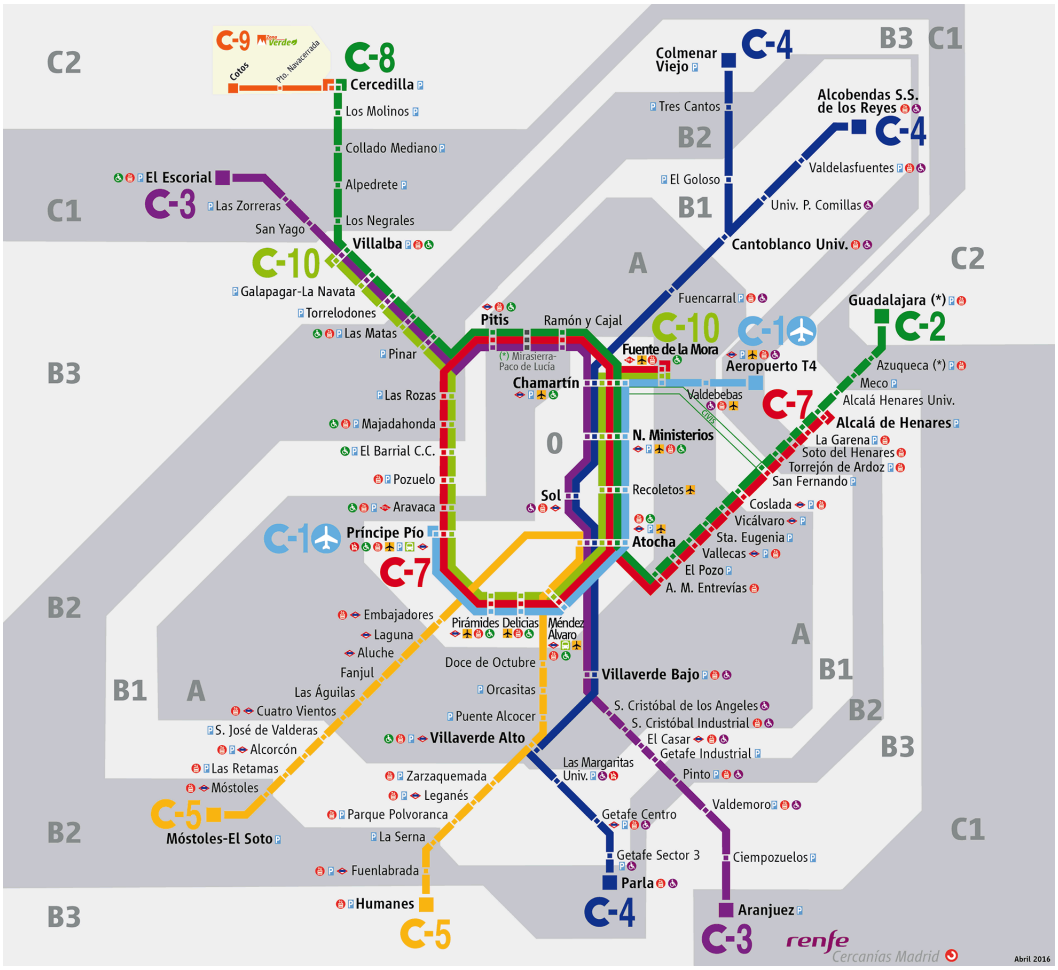
Meeting Location

ETSIS de Telecomunicación (Telecommunications Eng. School) is located in the South Campus of Universidad Politécnica de Madrid (UPM), C/ Nikola Tesla, s/n, 28031 Madrid. It can be easily reached by public transport from the city centre.

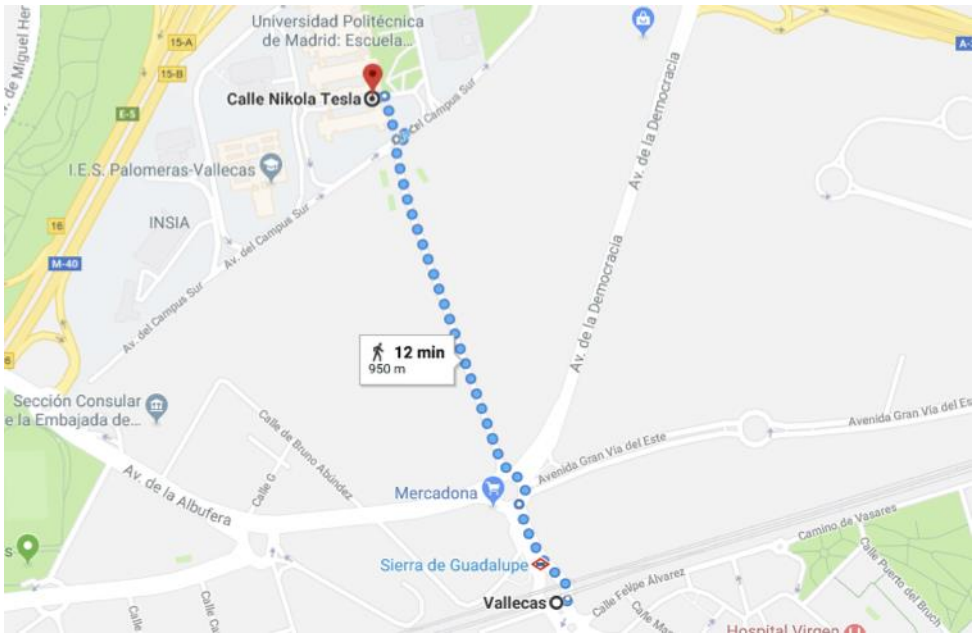
Train

Take either Line C-2 (green line) towards GUADALAJARA or Line C-7 (red line) towards ALCALÁ DE HENARES and get down at VALLECAS. This is only 10 minutes (3 stops) from ATOCHA, 15 minutes (4 stops) from RECOLETOS (the closest station to Gran Versalles Hotel), and 20-25 minutes from SOL (1+3 stops), depending on the waiting time in ATOCHA when exchanging trains.



From the train station there is a short walk (approximately 12 minutes) to the School: follow all the way along CALLE ARBOLEDA. See the attached map.

Hint: after leaving the station you'll have to turn 180º and then essentially walk straight to the School for 900 m. If you see the large supermarket (MERCADONA) to your left, then you are heading in the right direction.



The price for a single ticket from RECOLETOS/SOL to VALLECAS is 1,70 euros.

Metro

Take Line 1 (light blue line) towards VALDECARROS and get down at SIERRA DE GUADALUPE. From SOL it is a direct trip (13 stops, approximately 25 minutes). From ALONSO MARTÍNEZ (the closest station to Gran Versalles Hotel) you will have to take Line 5 towards CASA DE CAMPO and get down at GRAN VÍA (2 stops), and there you take Line 1 for 14 stops (approximately 33 minutes overall). See the map in the following page.

Note that the train/metro stations are co-located (in spite of their different names), so the map above is still valid to get to the School from the station.

The price for a single ticket from SOL/ALONSO MARTÍNEZ to SIERRA DE GUADALUPE is 2 euros.

More information about Metro de Madrid, maps, timetables, a journey planner and a mobile phone app can be found here:

Bus

Several bus lines get either close or directly to the campus (lines E, 63 and 145). However, none of those lines stops in the city centre (i.e., you would have to take at least 2 buses), so this option is not recommended. In any case, a map of the bus routes in/around the campus can be seen in the following page and a route planner can be found here:

Taxi

A taxi ride to the school from the city centre should take 15-20 min (in good traffic conditions) and cost 10-15 euros. However, take into account that you may find heavy traffic, especially in the morning.
